

BATHS OF APHRODITE

SATURDAY

We begin with a visit to YEROSKIPOU village followed by the stunning monastery of ST NEOPHYTOS with its 12th century frescoes and caves.

We then continue to POLIS where there once stood the ancient city-kingdom of Marlon. At the charming square we have a break. Passing through the pretty fishing village of Latsi we arrive at BATHS OF APHRODITE. The scenery and landscape are breathtaking. According to the legend the goddess Aphrodite used to take her bath in a pool of a natural grotto, shaded by a fig tree. You will have time for lunch (not included) or a walk around the area.

We travel back to Paphos through local Paphos villages enjoying the panoramic view of Paphos and Coral Bay.
